

GENESIS

LED Notification Appliances

ULTRA-LOW CURRENT HIGH PERFORMANCE HORNS, SPEAKERS & LED STROBES

The Edwards Genesis™ LED family of horns, strobes and speakers are the most energy-efficient notification appliances in their class, which makes them less expensive to install and operate. These sleek, low-profile appliances use patented electronics to deliver high performance life safety solutions for new and retrofit projects.

185 Candela			X	

* Coming soon.

Common Features:

- Ultra-low device current:
 - More devices per circuit
 - Longer wire runs
 - Smaller gauge wire
 - Fewer power supplies & batteries
- High efficiency optics
- Selectable light output
- Selectable wattage tap
- Low Frequency & High Candela models
- Red & White housings
- Fire & Feu Markings
- Indoor, Outdoor and Washdown models
- Room-side wiring plate with continuity check reduces installation cost

CANADIAN LIFE & FIRE SAFETY

Troy Life & Fire Safety Ltd. is a private Canadian corporation established in 1979. We offer a comprehensive lineup of fire alarm, fire suppression and security products.

We are a 100% employee-owned business with 28 offices coast-to-coast and 24-hour service from manufacturer-trained technicians and sprinkler fitters. We are proudly Canadian with a legacy of performance and we employ over 1,100 people, a team built from industry-leading talent.

We provide services to commercial, industrial, government/military, institutional and high-rise residential markets across Canada, and sell through electrical distributors and electrical/mechanical contractors.
