

EDGE LIFE SAFETY SYSTEMS

INTUITIVE BY DESIGN

EDGE life safety systems offer the power of high-end intelligent processing in configurations that deliver uncomplicated solutions for small to mid-sized applications. These flexible systems offer versatility that benefit building owners and contractors alike.

Contact us today to find out how we can help.

Key Features:

- **10" Touchscreen Display**
- **10 AMP Power Supply**
- **Voltage Boost** technology that extends NAC distance with smaller gauge wire
- **4 CI A or B Signal Circuits**
- Up to **1000 devices** over 4 Addressable Loops
- **Full Signature device support** for cost-effective upgrades
- **Single and two-stage operation**
- Industry leading Signature electronic addressing and device mapping
- Supports SIGA-REL releasing function
- Up to **72 zones** and switches
- Built-in Ethernet & USB ports
- Built-in alarm, trouble & supervisory relays

Tablet-like Interface:

- **10" LCD touchscreen** displays up to 8 events at once
- Accessing reports now requires **40% fewer clicks**

Available in Grey & Red

CANADIAN LIFE & FIRE SAFETY

Troy Life & Fire Safety Ltd. is a private Canadian corporation established in 1979. We offer a comprehensive lineup of fire alarm, fire suppression and security products.

We are a 100% employee-owned business with 28 offices coast-to-coast and 24-hour service from manufacturer-trained technicians and sprinkler fitters. We are proudly Canadian with a legacy of performance and we employ over 1,300 people, a team built from industry-leading talent.

We provide services to commercial, industrial, government/military, institutional and high-rise residential markets across Canada, and sell through electrical distributors and electrical/mechanical contractors.
